Please add any comments on the proposed bylaws

Are there any other specific rules you would like to see included in the new Park Bylaws ?

I agree	I agree	I do not agree	I agree		Locked up again at night
I agree	I agree	I agree	I agree	No comment	No
I agree	I agree	I agree	I agree		Anti social behaviour and littering
I agree	I agree	I agree	I agree		
I agree	I agree	I agree	I do not agree		
I agree	I agree	I do not agree	I agree		
I agree	I agree	I agree	I do not agree		
I agree	I do not agree	I agree	I agree	I think horses should still be able to go through the park, as long as they do not mess. Vehicles shouldn't be able to go through it as it churns up the grass. The only difficulty with that is when it comes to the Faire, where are they going to go? That's something that will need looking into further. Perhaps they put down boards to stop the grass from being ruined perhaps	Drugs, drinking and smoking need to stop in the park. It's disgusting to see it. Especially because they do it in the memorial section which is beyond disrespectful
I do not agree	I agree	I agree	I do not agree		
I agree	I agree	I agree	I agree	Stiff penalties for anyone transgressing.	
I agree	I agree	I agree	I agree	We have read and agree the Draft Bylaws document	
I agree	I agree	I agree	I agree		When the park gates are open, they should ALL be open
I do not agree	I do not agree	I do not agree	I do not agree	You can not stop children flying kites, it's ridiculous.	No
I agree	I agree	I agree	I agree	Use of vehicles should include those of the staff from poppies. There is no need for them to access the park. There is plenty of parking within walking distance. The grass still hasn't recovered from the damage caused by parking on the grass during a wet period the year before last. Damage is specifically mentioned but nothing has happened. Health and safety is not a valid excuse, not now the lighting has been installed. These rules are all well and good but are just words if not enforced, which I suspect will be the case.	
I agree	I agree	I agree	I agree		

Protection of the park, its wildlife and the public. This provides legal protection of structures and plants and trees and prohibits camping, fires and missiles	Horses, cycles and vehicles. I agree	I do not agree	I do not agree	I agree	<p>We back on to Memorial park and noise/behaviour is our main issue, particularly from the same dog owners that use the park regularly and have no control of their dogs which can be running around off-lead up to other dogs and people & barking constantly for hours. Also there are groups of people that play amplified music which we can hear clearly in our house and is an irritation.</p> <p>Another issue we have is the amount of foul language from people that use the tennis courts and bench next to it, particularly late at night from younger people who we can hear yelling and swearing and drinking/doing drugs into the early hours. We have young children and in summer with the windows open this can be clearly heard in our bedrooms.</p> <p>Also the litter coming off the park is simply awful, some of it keeps blowing into our garden regularly. Why can the park not be locked at night as it used to be as I am sure that it would solve many issues? I do not believe that kites should be an issue though as it is a fun recreational activity for kids and if it gets kids out of the house and being active why should it be prohibited as the risk to public is low?</p>	Just controls over dogs, noise, music and events. As well as tighter control of anti social behaviour/swearing
I agree	I agree	I agree	I agree	<p>Bylaw 11 (2) should say event not even. BBQ can also mean gas fired enclosed. Is that acceptable. I see no reason why kites could not be flown from the park.</p>	
I agree	I agree	I agree	I agree	<p>To many restrictions are lumped together, some I could agree with some I don't</p>	
I agree	I agree	I agree	I agree		Should be a reference to litter if the council are prepared to install litter bins
I agree	I agree	I agree	I agree	<p>Commonly known as the pleasure Park. No restrictions of play or activities outside of normal law is needed. Close at night and reopen in the morning...</p>	Switch off the lights when the park is closed.
I agree	I agree	I agree	I agree	None	Add penalties for littering and dog fouling
I do not agree	I do not agree	I do not agree	I do not agree		No
I do not agree	I do not agree	I do not agree	I agree		
I agree	I do not agree	I do not agree	I do not agree		
I agree	I agree	I agree	I agree	<p>Last question covers kites and metal detecting, with suitable oversight these should be fine, however yes to rules on dogs</p>	
I agree	I agree	I do not agree	I do not agree	<p>I believe Kites and drones should be allowed. The restriction on noise and public events needs to be quantified</p>	
I agree	I agree	I agree	I agree		
I agree	I agree	I agree	I do not agree		

Protection of the park, its wildlife and the public. This provides legal protection of structures and plants and trees and prohibits camping, fires and missiles	Horses, cycles and vehicles. Please add any comments on the proposed bylaws	Are there any other specific rules you would like to see included in the new Park Bylaws ?
I agree	I agree	I do not agree	I do not agree	The park should be accessible to all and provide a multi functional space. We are so lucky in this town to have such a large space, lets use it to its full potential. Let group exercise take place, multi sports etc and make it a space that everyone wants to use. The young people of this town need this space especially in these times we are in.	
I agree	I agree	I agree	I agree		
I agree	I agree	I agree	I agree	All cars should be banned .. noticed over the years that the nursery were parking on the park and this must be stopped	
I agree	I agree	I do not agree	I agree		
I agree	I agree	I agree	I agree		
I agree	I agree	I do not agree	I do not agree	I agree with banning the use of metal detectors, but why Kites? Surely the park is for everyone of every age to enjoy and have fun and such fun activities that harm no one should not be banned. Same for model aircraft and drones, they hurt no body so why ban them? I thought these rules where to bring the park into modern era but it just seems like these are going backwards by banning what ever they can. IF it's not causing any harm, don't ban it.	
I agree	I agree	I do not agree	I agree	Dont see why kites should be banned .should be strict rules that dogs be kept on leads and fines for dogs fouling any area	
I agree	I agree	I do not agree	I agree		
I agree	I agree	I agree	I agree		
I agree	I agree	I agree	I agree		
I agree	I agree	I do not agree	I agree		
I agree	I agree	I agree	I agree		The park to be locked at night.
I agree	I agree	I agree	I agree		Improved lighting near memorial and nursery zones. Wider pathways with luminous edging to improve accessibility for pedestrians and wheelchair/ scooter users and visually impaired. More benches and picnic area would be nice
I agree	I agree	I agree	I agree		
I agree	I agree	I agree	I agree		
I agree	I agree	I agree	I agree		
I agree	I do not agree	I do not agree	I do not agree		
I agree	I agree	I do not agree	I agree		
I agree	I agree	I agree	I agree		Cyclists must be mindful of pedestrians on the footpath through the park. Some seem to think they have right of way. Maybe some simple signs on the gates?
I agree	I agree	I agree	I agree	None	None

Protection of the park, its wildlife and the public. This provides legal protection of structures and plants and trees and prohibits camping, fires and missiles	Horses, cycles and vehicles. This prohibits horse riding, overnight parking, and use of vehicles and provides rules for cyclists	Play areas, games and sports and model aircraft. I agree	I agree	I agree	I agree	I don't agree that the use of kites should be covered by this restriction	
I agree	I agree	I agree	I agree	I don't agree that the use of kites should be covered by this restriction	
I agree	I agree	I agree	I agree		
I agree	I agree	I agree	I agree		
I agree	I do not agree	I do not agree	I do not agree		
I agree	I agree	I agree	I do not agree	You need to be more specific regarding "rules for dog owners" What rules are to be implemented? It was all dogs have to be under control and restrained. This could be applied to anyone. Dogs and owners need exercise including free running. Responsible owners pick up their dogs waste unlike the persons who regularly leave glass? Litter, nappies and other filth but this seems to be acceptable! The park was left to the people of north walshsm INCLUDING DOG OWNERS!!	Perhaps a park keeper should be reinstated as there has not been one since 1970, at the same time as the park toilets were demolished. The bylaws should be displayed at every park entrance otherwise how are members of the public expected to abide by the "rules"?
I agree	I agree	I agree	I agree	Not that I want to fly a model aircraft or drone, however I can imagine Memorial Park being an ideal place to do such a thing, for someone that does. I also appreciate why it wouldn't be practical, and permitted, but where could somebody do this? Can a suitable location be given as an alternative, and this information easily available? Also, taking the rules on golf and cricket literally, is a blanket ban on these types of sports necessary? Could it be expanded slightly to permit cricket/rounders etc., acceptable with the use of a soft-ball? I use Memorial Park almost everyday, and I certainly don't want hard cricket balls and golf balls flying around, but it is such a lovely big ground, surely group games could be permissible...	No other rules come to mind exactly, but littering is an issue at Memorial Park. The grounds keepers do such a fantastic job of keeping it really tidy, but it's a shame it happens at all. I am happy to point my finger here, and say it's mostly down to groups of youths leaving their rubbish, sometimes only a few feet from bins. I have never witnessed any other antisocial behaviour at the park. Would it be possible to have council officials, or maybe even police officers, carrying out infrequent patrols of the park, especially during warmer months, to discourage littering? I wouldn't want to see heavy enforcement, but a quiet, friendly word from a reasonable person with a badge would probably make a huge improvement.
I agree	I do not agree	I do not agree	I do not agree	Close the memorial park at night and switch off the lights...	Sack the fun police
I agree	I do not agree	I do not agree	I do not agree		
I agree	I agree	I agree	I do not agree	Kite should be allowed I hope that the rumour to ban dogs from the park is I do not agree dogs should be allowed in the park	
I agree	I agree	I agree	I agree		
I do not agree	I agree	I do not agree	I do not agree	Some protection needed for trees and plants and play equipment already covered by law, the fair circus and other events would need to camp I do not agree horse riding , speed limit for mobile scooters sounds like the fun police it's for pleasure the park baseball cross generational play	

<p>Protection of the park, its wildlife and the public. This provides legal protection of structures and plants and trees and prohibits camping, fires and missiles</p>	<p>Horses, cycles and vehicles. -------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------	----------------------------------------------------------------------------------------------------------

what's wrong with kite flying sounds like the council has I do not agree idea how to have fun in the park dogs to be kept on leads close at sunset and open early in the morning turn lights only use for night events

I agree	I agree	I agree	I agree	On NWTC website the proposals state kites are prohibited it states in such a manner as to cause danger
---------	---------	---------	---------	--------------------------------------------------------------------------------------------------------

I agree	I agree	I agree	I agree	I cannot hear my TV when the fair is on kids swearing in groups in evening summertime two people playing tennis after midnight in June pop should be locked at night I do not agree grooming of dogs and leaving copious amounts of fur everywhere
---------	---------	---------	---------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

I agree	I agree	I agree	I agree
I agree	I agree	I agree	I agree
I agree	I agree	I agree	I agree
I agree	I agree	I agree	I agree
I agree	I agree	I agree	I agree
I agree	I agree	I agree	I agree

Fair too loud
better policing of rules dogs appear to have more rights than young children dogs can't do not agree read owners do I do not agree care
Bylaw 11 (2) should read event instead of evening part four in the interpretation section refers to self propelled vehicle but there is I do not agree specific bylaws which prevents their use this omission needs to be rectified
by law 23 (2) should read by law 23 (1) I do not agree by law 22 (1) above.

I agree	I agree	I agree	I agree	23(1) Refers to person in the ground but excessive I do not agree reaches beyond the ground to nearby properties residents how is this to be controlled policed out of hours could the wording be amended to read in the ground or nearby
---------	---------	---------	---------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

I agree	I agree	I agree	I agree	Motor cycles have been heard in the late evening early morning racing across the park drones have already been hovering above our houses and gardens the play area and gym are often played on by youths late at night shouting and swearing reduce the volume from the music of the fair and live bands when they are in the park at the same time the clash of music is awful I do not agree fun for the residents stop youths using loud radios at night in the park
---------	---------	---------	---------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

the play area and gym should not be in its current location in the heat of summer there is no shade for serious users so it gets messed about by noise teenagers it should have been located with shade and away from our houses
who will ensure that these excellent bye laws are enforced

Protection of the park, its wildlife and the public. This provides legal protection of structures and plants and trees and prohibits camping, fires and missiles	Horses, cycles and vehicles. This prohibits horse riding, overnight parking, and use of vehicles and provides rules for cyclists	Play areas, games and sports and model aircraft. This restricts the use of facilities to specific age groups and provides rules for ball games. It also prohibits the use of model aircraft or drones	Other regulated activities and miscellaneous. This restricts noise on the park and the use for public events. It also prohibits the use of kites and metal detectors, and provides rules for dog owners.	Please add any comments on the proposed bylaws	Are there any other specific rules you would like to see included in the new Park Bylaws ?
I agree	I agree	I agree	I agree	<p>Hoping dog owners use bins more policing by dog wardens Where is the wild grass area garden which was agreed</p> <p>parking by the nursery should be rescinded also the fair parking overnight drones are a nightmare and should not be allowed noise from the park is unbearable at times and a nuisance the park is important to dog walkers and many elderly use the park for free play this is important the park should revert to being locked at night to prevent misuse by drug dealers and sleepovers</p>	
I agree	I agree	I agree	I agree	<p>Regarding noise what about the fair and fireworks the rules always said in times past no cycling, dogs must be kept on leads these should still apply</p>	
I agree	I agree	I agree	I agree	<p>Would be nice to see more trees and planted areas and a boating Lake drones should be allowed wouldn't want to do anything that adversely affects the work of north walsham play carts should be allowed events should be encouraged say up to 11:00 o'clock encourage more groups to use</p>	
I agree	I agree	I agree	I agree	<p>North walsham needs to be made more cycle friendly many residents are too scared to cycle they say because of traffic many cycle stands around town centre is good</p>	
I agree	I agree	I agree	I agree		
I agree	I agree	I agree	I agree		Litter
I agree	I agree	I agree	I agree	<p>What about the drugs who enforces all these rules do the new bylaws still require locking and unlocking gates at sensible times it is needed to stay the same</p>	
I agree	I agree	I agree	I agree	<p>there should be a notice at the tennis courts that says the courts are for tennis and not for other sports like football the parking of cars on the Memorial Park is becoming a problem We are disappointed that you propose a ban on kite flying the park has big trees and buildings so is I do not agree an ideal place to fly serious or stunt kites so we feel an outright ban isn't really necessary</p>	

Protection of the park, its wildlife and the public. This provides legal protection of structures and plants and trees and prohibits camping, fires and missiles	Horses, cycles and vehicles. This restricts noise on the park and the use for public events. It also prohibits the use of kites and metal detectors, and provides rules for dog owners.	Please add any comments on the proposed bylaws	Are there any other specific rules you would like to see included in the new Park Bylaws ?
I agree	I agree	I agree	I agree	safety paths for cyclists, drinks franchise, do waste bins, anything to take kids off streets	
I agree	I agree	I agree	I agree		
I agree	I agree	I agree	I agree	cant think of a good reason to ban kite flying, there is plenty of room	
				no landscaping of areas by volunteer groups unless they can guarantee to maintain them	
I agree	I agree	I agree	I agree	more provision of signs re dog fouling and litter	
				also ban football in tennis courts	
I agree	I agree	I agree	I do not agree	cant have outdoor concerts without noise	
				dog free area in memorial garden ?
