

MEMORIAL PARK LIGHTS PLANNING – 17.8.19

<p>Dear Sir/Madam, Do the lights in the Memorial Park have planning permission? I go through the park most days and cannot remember seeing a planning notice. I look forward to hearing from you soon. Yours faithfully</p>	<p>Request received Date: 17.8.19</p> <p>To Reply by Date: 16.9.19</p>
<p>I have checked this out with my colleague and spoken to the Contractors erecting the lighting, and I have been advised that planning permission is not generally required for local authorities erecting standard lighting on their own land. But I will put an email to planning just to check.</p> <p>Thank you for you enquiry</p>	<p>Reply: Date: 22.8.19</p>
<p>Have you found out if planning is required for the lighting in the park? I am sorry but just asking your colleague or the contractor is not good enough. I would suggest you ask the planning department at NNDC. Thank you</p>	<p>Response Date: 30.8.19</p>
<p>Thank you for your enquiry. Yes the lights in the park do need planning permission as they are over 4m tall. We have now put in for retrospective planning permission. If you visit the planning portal you will be able to view it there.</p> <p>I have answered you request in full. If there is any more information you require, please can you address it as a FOI to the Council as a whole and not to me personally.</p>	<p>Completed Date: 23.9.19</p>
